To find a vampire to continue my generation ...
I think it's time for my daughter ....
So they are 10...?
whatever.... it depends on the choice of my daughter ....
Yes my lord! I already started sending the invitation party to the 10 noble vampires who can only match with the Nami's blood .....

I understand my lord!
.....
But I don't want this ceromony to take too long. You'll do the necessary
.....
I don't have too much time left

The dracula generation is on the hands of my daughter....

.....
We are old friends and we just want to say hello
...

....

Why don't we
kill them already?
.....

yeah!!
I've completely
forgat that...
I've already told you,
do not call me by my
real name
when we are in
front of vampires
..
It puts me in
danger all the time
that's why we're
wearing a mask
....
And why do you want
to kill them if you don't
have the information
we need...?
DON'T LET
YOUR GUARD DOWN

WHAT...?

I dislike your kind!!!

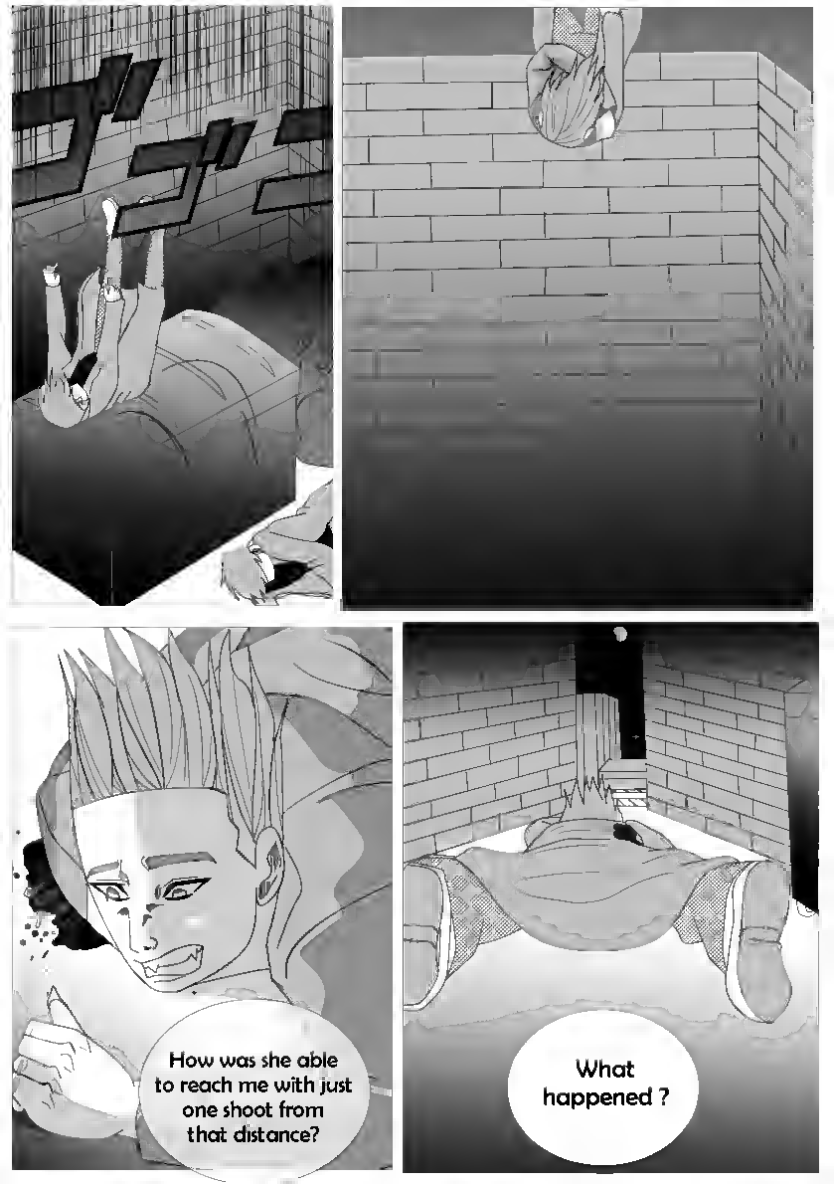
I don't like those who attack by surprise in the back of others... it just piss me off
....

Who are those guys...?
I can't match them
I have to escape
....
That's not the point the target is running away from us
.....
Huh...
I thought we couldn't call each other by our real names?
.....
Hey!Achita!
the target is escaping
.....

At the end
you can't do
anything without me...
he's really pretty
far now...
But not too far
for me....

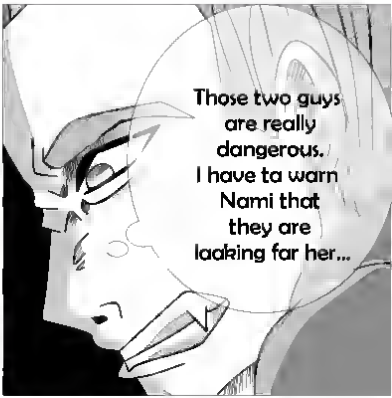
Are you sure you can reach him from that distance ?

What ?
AAAAAAAAAH!!!



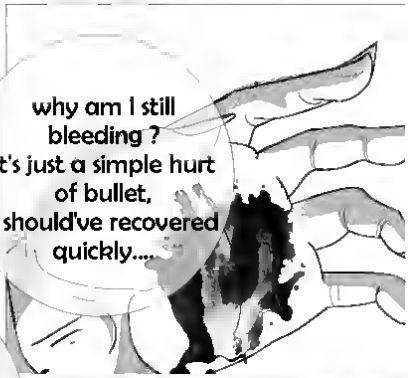
How was she able to reach me with just one shoot from that distance?
What happened ?

Huh...?



Those two guys are really dangerous. I have ta warn Nami that they are laaking far her...

How do you find my little invention ?
Your what ? ....



why am I still bleeding ? it's just a simple hurt of bullet, I should've recovered quickly....

It's not normal...

Para....paralysed ?
I put o speciol powder in the bullet so that once in contoct with blood , give o bad effect to the nerves ond by doing this,the nerves will send o wrong feedbock to the broin cousing your body to be porolysed ....
to be brief you can't move your body anymore ....
Not until 3 hours...

Now tell me asshole , Where can I find the Morishita's family?
